

# Special License Agreement

- APIIDA API Gateway Manager -

## 1. Preliminary remarks

- 1.1. The parties acknowledge that the provisions outlined here are applicable for the product "APIIDA API Gateway Manager" (short "AAGM") of the APIIDA are valid. AAGM is hereinafter referred to as product.
- 1.2. Agreements of this special agreement take precedence over diverging provisions of the General Software License Agreement of APIIDA.
- 1.3. Otherwise, the regulations of the General Software License Agreement as well as the provisions of the General Terms and Conditions (GTC) of APIIDA apply.

## 2. Licenced product / Right of use

### 2.1. Scope of use

The customer is authorised to use the product for his own requirement purposes and for affiliated companies. The right of use granted to the customer is not transferrable to third parties, with the exception of the customer's legal successors. In order to ensure the functionality of the product, API gateways of the manufacturer CA<sup>1</sup> are required.

### 2.2. License metric

An AAGM license is required for each CA API gateway to be monitored and managed using AAGM.

### 2.3. The license fee, number of licenses applied for and scope of functions to be availed of from AAGM by the customer are specified in the transaction document between the contractual parties and subsequently agreed.

### 2.4. License term

The license granted to the customer for the use of AAGM is not of limited duration.

Deviating provisions of the parties with regard to the duration of the license shall be in accordance with the written form i.S.o. §§ 127 I, II i.V.m. 126 I BGB (German Civil Code) allowed.
